Thanks! I recalled that they compiled costs, but didn't recall the details.

Hi Valois,

As I was going through the comment documents, I came across the attached comment by Powertech concerning the 2017 Draft Permit.  
It gives a breakdown of their estimated costs for EPA's requirements that exceed NRC's based on the 2017 requirements.  
Just thought you might be interested in seeing it for comparison to our own estimate for the 2019 Permit requirements.
